## About Me

I have been an animal lover since the day I was born; and I have always had animals in my life. I currently share my life with a dog, a cat, and two horses.

In 1998, I met Joyce Leake, an Animal Communicator in Kiowa, Colorado, and creator of Animal University. I took her courses and received her Certificate in Animal Communication.

At that time, most of my communications were with my own animals or those belonging to friends.

In 2010, I decided to expand my horizons and pursue this talent as a second career. I increased my psychic abilities by studying with Karen Fox, Psychic and Director of The Aspen Program for Psychic Development in Englewood, Colorado. I have received Certificates from that school in Psychic Development, Medical-Health Intuitive, and Mediumship.

## Services

BETTE CAN TALK TO ALL ANIMALS,  
EITHER LIVING "IN BODY"  
OR DECEASED "IN SPIRIT".

*"My goal in talking to deceased animals is to help people attain a greater sense of peace and joy surrounding the loss of their companions."*

*"My goal with talking to live animals is to help Animals and their Human Companions understand one another, and live together in harmony."*

Animal Communication can help with:

- Behavioral Problems
- Health Issues
- Knowing what an animal thinks/wants
- Unresolved issues with animals who have passed.

## MORE ABOUT BETTE

I have been an Estate Planning Attorney for the last 30 years, with Offices in Centennial and Englewood, Colorado. I am also active with the Colorado Bar Association, and many local Bar Associations. In 1994, I wrote the Colorado Pets Trust Statute, which allows people to leave funds in trust for their companion animals.

As an Attorney, I use my Psychology Minor to help clients and their families deal with the emotional issues surrounding death. It is a natural progression to then extend this skill to help clients deal with the emotions of losing a Companion Animal.

I am also very involved in the Horse Industry. As an active member of the Colorado Horse Council (CHC) for many years, I assisted that Organization in the drafting and passage of the Colorado Equine Limited Liability Act in 1990.

I also use my skills to help Ranch clients find the right horse for their needs.

My passion is competing with my horses in "Team Penning" and "Team Sorting", events which involve herding cattle and serve to promote my Quarter Horse Stallion named, "Hesa Playin Cat".
